

Rental Cars

There are many chain rental car companies located in Tamarindo with pretty reasonable prices.

Alamo, Hertz, Economy, Budget and Europcar are located in Tamarindo Village. You just need your driver's license and passport.

Make sure you rent a 4x4 as the infrastructure in Costa Rica is not very good. Roads are especially bad in the green season. While there are always cows, dogs, bikes, etc. in the road, driving is not too hard here (I did it and I am a horrible driver!)
